

2019 Regional Meetings

NEDPA is hosting regional member meetings across the state instead of one Annual Meeting traditionally held in Syracuse. This is an opportunity to continue communication and interaction with our members, while delivering updates on issues and activities that NEDPA is currently working on, including:

- CAFO Permits & permit talking points
- Labor: regulation & compliance/imminent farm labor legislation
- Roads: agriculture use/seasonal restrictions
- Water quality: regional issues/Partners for Healthy Watersheds/talking points for dairies
- Safety: OSHA LEP/new FARM safety component

The regional format will allow us the opportunity to discuss and address regional challenges as well.

We encourage you to invite neighboring farms that are not NEDPA members to join us and learn more about what NEDPA does on behalf of the dairy industry.

Food and refreshments will be provided, along with time for members to network with one another. There is no cost to attend, however we ask you to register so we can plan accordingly for food.

Regional Meeting Dates & Locations

Register by email at
registration@nedpa.org

Please include:

- Meeting location
- Your Name
- Your farm/business name
- Number of attendees

There is no cost to attend, but registration is requested to plan for food.

Register for Pavilion location by February 20 and all others by March 8.
